

mean green dino
a free hand knitting chart
www.myzigzagstitch.com

 duplicate stitch in red
 embroider in white

Here is a dinosaur that can be inserted into any number of hand knitted items. I used the chart to fit on the pocket of my son's Wonderful Wallaby sweater, pictured at right. Even though the Wallaby is a sweater knit in the round, the pocket is worked back and forth, making it the perfect place for an intarsia motif.

Please enjoy this free chart pattern. Remember, the chart is only for personal and not-for-profit use. If you want to share it with a dino-loving friend, all copies should be made using the download link.

Thanks!
