

New York Football Giants Charts

a set of free hand knitting charts
www.myzigzagstitch.com

For Giants' fans far and wide, here is a set of logos to use in your hand knitting projects. They are suitable for both color stranding and intarsia motifs. If you decide to color-strand, you might find the floats along the bottom of the "y" need to be woven in as you knit. Choose the chart that suits the gauge you are knitting at.

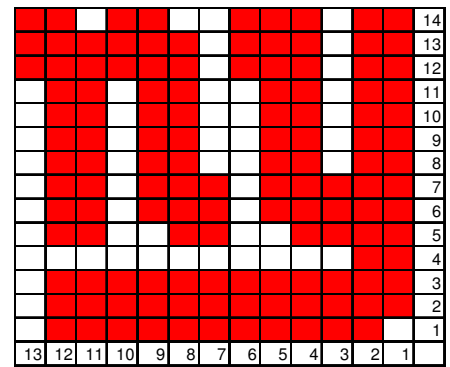

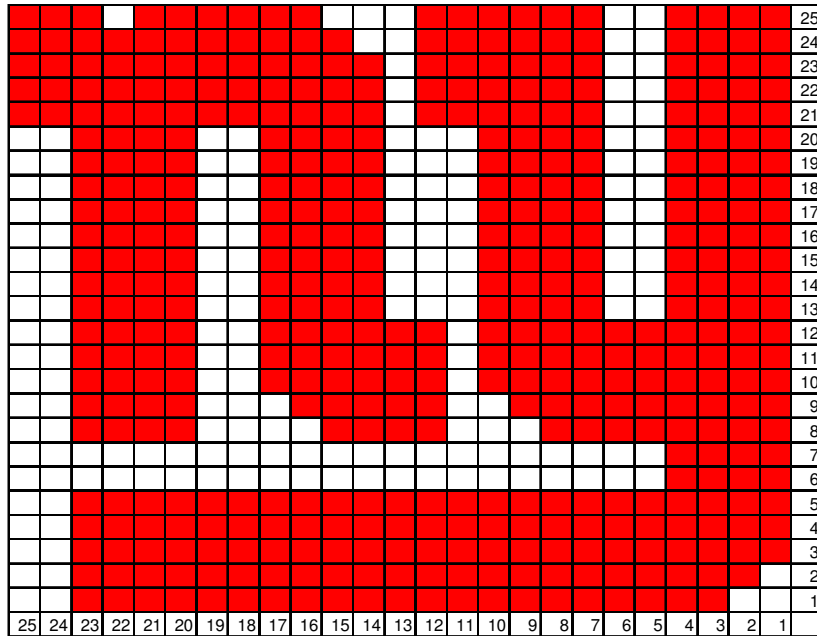

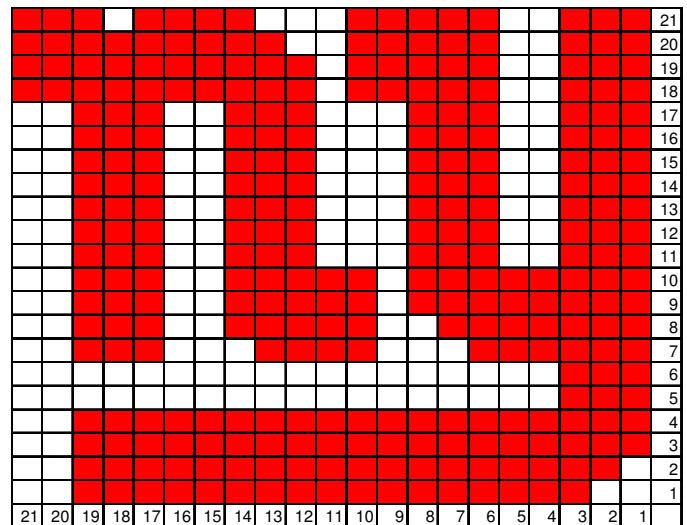

Photo from the morning of February 3, 2008.
 It was a Superbowl Challenge of epic proportions!
